

## »SILVER MEDAL« IN COMPETITION FOR BEST CONSULTANT PROJECT 2009 TO COMPANY SIGEM Business Consulting

The Chamber of business industries at Economic chamber of Slovenia has granted this year awards for the best business project: FENIKS 2009.

This is the sixth selection of such kind and its purpose is the detection of excellent projects in the management consulting area and, of course, positive stimulation and promotion of consultant projects' quality, successfulness and efficiency. On the 1st December 2009, the Chamber of business industries announced the first three places.

**The "silver medal" in the competition for the best consultant project of 2009 in Slovenia was awarded for the project "Development of independent competences cores of marginal business subjects – assuring generic competences for 71 business partners with the public tenders means support" of the company SIGEM Business Consulting.**

SIGEM BC consultants, we have been running for a second time for this prestigious consultant award Feniks, and with the cooperation with clients, so called micro and small companies, we have managed to prepare an excellent project and use it in practice.

SIGEM BC consultants as one of the most distinguished consultant companies in the field of management consultancy and consultancy for information support would like to thank all the leaders as well as employees in all of the 71 companies and all of our business partners who contributed to the realization of our goals and the perfect second place.
